

Wisconsin Department of Veterans Affairs

Tony Evers, Governor | Mary M. Kolar, Secretary

July 12, 2022

Dear Union Grove Members, Friends, and Family:

Although the Wisconsin Department of Health Services continues to report low levels of COVID-19 virus transmission in Racine County, we ask that you please continue to take precautions to exhibit healthy behaviors in your daily routine to reduce the potential spread of the virus into our Home.

Since we last updated you July 8, we have had 1 member and 1 employee test positive for COVID-19. Accounting for all recent recoveries, we currently have 3 cases of COVID-19 on campus (2 members, 1 employee).

We highly encourage you to get vaccinated and stay up to date with your boosters, as the benefit of the vaccine degrades over time. According to Wisconsin DHS, unvaccinated people are more than twice as likely to be hospitalized due to COVID-19 than people who had received their booster doses, and nearly six times more likely to be hospitalized than people who had received their primary series.

If you are not feeling well, please do not visit until you have taken a COVID-19 test and have fully recovered from your symptoms. If you are planning to visit our campus, all visitors are asked to wear an N95 or KN95 mask when in our buildings and perform a health check assessment upon arriving.

Thank you for your commitment to the health and safety of everyone at our Home.

Sincerely,

Kimberly Storlie

Kimberly Storlie, LNHA
Deputy Commandant
